# Magicuser API, Create a new magicuser - user created with wrong email format

## Environment

+ Add

Windows 11 Home

Postman v11.1.14

Chrome v. 125.0.6422.61

CRM app v 1.1

Labels Team7

#### Description

In Magicuser API, the system creates a new user when email format is incorrect.

#### Steps:

1. Send **POST** request to url:

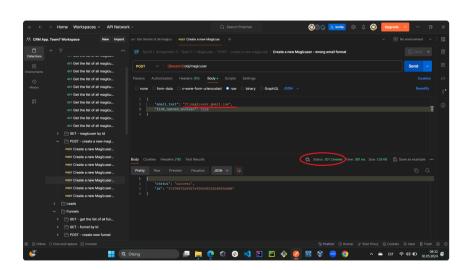

https://cerebrumhubcrmlite.bubbleapps.io/api/1.1/obj/magicuser

```
1 {
2    "email_text": "t7_magicuser.gmail.com",
3    "link_opened_boolean": true
4 }
```

### Expected result:

The system should not allow to create a new user when email format is incorrect. System shows an error message: "Incorrect email!"

## Actual result:

Add a comment...
